

Student Attendance Policy 5002

Per Wisconsin State Statute 118.15, all children between the ages of six (6) and eighteen (18) must attend school regularly until the end of the school term, quarter, or semester in which they become 18 years of age. Students under 18 are required to attend school unless they fall under an exception under State law, this policy, or administrative guideline issued under this policy. The parent/guardian is legally responsible for ensuring their student(s) is in regular attendance.

KTEC High School has established policies regarding attendance, absence, and tardiness. Each year a record of attendance will be kept for each student. It will be noted in their permanent record and used for required state reporting measures.

Excused Absences

KTEC High School does not encourage parent excused absences because of lost instructional time. However, KTEC High School policy and Wisconsin State Statutes allow parent(s)/guardian(s) to excuse their student from school up to ten (10) days in a school year. An excuse from a parent/guardian is required for any student's absence from school. If absences become excessive because of an illness, a medical note from a licensed physician, dentist, or other qualified medical professional under Wisconsin law may be required for current and future absences. The following are excusable absences:

- Personal or family illness – a medical note may be requested after three (3) days absence.
- Death of a family member or relative or funeral attendance.
- Required legal appearances or temporary incarceration – the parent/guardian or court must notify the school of the reason for the absence and the exact dates of appearance or incarceration.
- Designated religious holidays.
- Health care provider appointments – effort should be made to schedule these appointments outside of school hours.
- Family emergencies
- Driver's examination
- Approved governance board-sponsored activities.

Unexcused Absences

The following will result in an unexcused absence:

1. Non-notification: An absence is considered unexcused if a student misses one (1) class periods and the school does not receive notification from a parent or guardian within 24 hours of the student's absence.
2. Unauthorized Activities: Absences for reasons not authorized by the school or does not fall under the categories of excused absences above.
3. Repeated absences beyond the allowed ten (10) excused days, unless documentation from an approved service provider is made available to the school.

All other absences will be regarded as unexcused. Unexcused absences are considered truant.

All absences are subject to review by the KTEC High School principal or their designee, who has the authority to approve or deny any request. Their decision will be final.

For a minor student absent from school, the parent/guardian must notify the school on the morning of the absence. Parent(s)/guardian(s) can call the KTEC High School main office phone number to report their student absent and provide a reason for the absence. Students of legal age can be responsible for providing absence excuses and notification.

Prearranged Absences

Absences may be prearranged with the KTEC High School principal. Prearranged absences may be granted approval in situations such as family, group, or individual activities of significant benefit to the student to warrant absence from school. A written request by the parent/guardian or legal student must be provided to the school ten (10) school days prior to the prearranged absence. In emergency situations where a request for a prearranged absence is not possible, immediate contact with the KTEC High School principal or their designee should be made right away. Students approved for a prearranged absence must complete all assigned work for credit. Prearranged absences cannot exceed ten (10) school days in a school year.

Medical Absences

Medical absences may be excused by an authorized medical professional. An authorized medical professional under Wisconsin State Statute 118.15 (3)(a) identifies an authorized medical professional as a licensed physician, dentist, chiropractor, optometrist or psychologist or Christian Science practitioner living and residing in this state, who is listed in the Christian Science Journal. Medically excused absences must indicate the specific date and time on which the student is excused from attending school. Extended medical absence is an absence that is three (3) or more consecutive days. For an extended medical absence, a statement from an authorized medical professional may be required.

Excessive excused absences that cumulate ten (10) or more school days, consecutive or not, may require medical documentation for any further absence to be excused. Without such documentation, the absence will be unexcused and considered truant.

Tardies

KTEC High School believes being on time for school is a critical factor of student attendance. Students are expected to be in class at the start of the school day which begins at 7:15 AM. Parent(s)/guardian(s) are expected to report to the school's main office if their student(s) will be tardy for school. The KTEC Principal or their designee will determine whether the reason for tardiness is valid. Repeated and/or unexcused tardiness will be reported to the student's parent/guardian and will be handled in the same manner as unexcused absences/truancy below.

Truancy

KTEC High School defines truancy as an unexcused absence for all or part of a school day without an acceptable excuse by a parent/guardian or the legal age student. If no acceptable excuse is provided to the school, it will be assumed that the student is truant. If an acceptable excuse is provided at a later time, the absence may be reclassified pending approval from the KTEC High School principal or their designee. KTEC High School will notify the parent or guardian of a student classified as truant. The school will direct the parent or guardian to return the student to school by the next day or provide an acceptable excuse.

Habitual and Chronic Truancy

"Habitual truancy" is defined as five (5) or more unexcused absences within a school year without an acceptable excuse.

- "Chronic truancy" is defined as ten (10) or more unexcused absences within a school year without an acceptable excuse.

In collaboration with the student's parent/guardian, KTEC High School will develop a plan for students exhibiting signs of habitual or chronic truancy. This may include counseling, attendance contracts, or referrals to external support services. If the agreed upon intervention plan does not result in improved attendance, action including referral to the Kenosha County Juvenile Court and/or City of Kenosha or Village of Pleasant Prairie Municipal Courts may be considered. School officials will document any attempt to meet with the student and their parent/guardian regarding the student's attendance.

Parent/Guardian Notification

Parents(s)/guardian(s) will be notified of the unexcused absences of a student who is habitually or chronically truant in the following manner.

1. First notice will be sent to the parent/guardian via email informing them their student is at risk of truancy. This notice will be sent when the student has reached three (3) days of unexcused absences/truancies.
 - a. A copy of KTEC High School's attendance policy will be sent with the notice.
2. Second notice will be sent to the parent/guardian via email and first-class mail informing them their student is habitually truant. This notice will be sent when the student has reached five (5) days of unexcused absences/truancies. The notice will include:

A statement of the parent/guardian's responsibility under State law of the student to attend school regularly will be included, as well as a statement of the penalties, under State law or local ordinances that may be imposed on the parent if s/he fails to cause the child to attend school regularly as required by State law.
